

## Alfred P. Sloan Foundation: Alfred P. Sloan Foundation

### Description

What information products will be created in the course of this project?

*Guidance:*

Please note that individual Alfred P. Sloan Foundation programs may have more specific guidelines or policies, which are available from the relevant Program Director.

Is the work subject to any superseding policies (such as a university open access mandate or other organization-wide policies)?

*Guidance:*

Please note that individual Alfred P. Sloan Foundation programs may have more specific guidelines or policies, which are available from the relevant Program Director.

### Management

What tools, platforms, and processes will be used to manage project assets as they are created and used through the grant period?

*Guidance:*

Please note that individual Alfred P. Sloan Foundation programs may have more specific guidelines or policies, which are available from the relevant Program Director.

### Dissemination

What channels will be used to disseminate grant products to target audiences? How will your data and code be shared, annotated, cited, and archived?

*Guidance:*

Please note that individual Alfred P. Sloan Foundation programs may have more specific guidelines or policies, which are available from the relevant Program Director.

Under what license(s), in what timeframe, and (if applicable) at what cost will grant products be available?

*Guidance:*

Please note that individual Alfred P. Sloan Foundation programs may have more specific guidelines or policies, which are available from the relevant Program Director.

If the project relies on project assets that are proprietary or otherwise not available for wide dissemination, how will the final grant products be reproducible (in the case of research findings) or otherwise accessible for future use?

*Guidance:*

Please note that individual Alfred P. Sloan Foundation programs may have more specific guidelines or policies, which are available from the relevant Program Director.

## Archiving and Stewardship

How will you ensure the long-term durability of grant products after the funding period ends? How will your data and code be shared, annotated, cited, and archived?

*Guidance:*

Please note that individual Alfred P. Sloan Foundation programs may have more specific guidelines or policies, which are available from the relevant Program Director.

[Alfred P. Sloan Foundation](#)

How long beyond the grant term will grant products be maintained and by whom?

*Guidance:*

Please note that individual Alfred P. Sloan Foundation programs may have more specific guidelines or policies, which are available from the relevant Program Director.
